## The Perfect Mix for a Perfect Crowd

Zaitunay Bay promises colors, flavors, and glamour

A vibrant new destination is coming together, and people around the world are getting ready for the perfect mix of cuisine and style, set up in an ideal Mediterranean setting.

As the final touches of the ambitious Zaitunay Bay project are being put together, so are the final flavors and aromas of what will be on the menus of some of Lebanon's most exciting restaurants. Before the end of the year, Zaitunay Bay will come alive with over 20 restaurants, cafes, and retail shops, paving the way for a year round location.

Chefs from the world over are preparing to welcome the beautiful Zaitunay Bay crowd into this new global destination. With traditional Lebanese cuisine, not-so-traditional Lebanese cuisine, seafood extravaganza, casual meals, delicious desserts, delectable brunch options, convivial cafes, world cuisine, and hearty meat dishes, it is just the perfect blend to keep the select crowd coming back for more.

Zaitunay Bay will quickly turn into Beirut's lifestyle hub, where those seeking simple pleasures, relaxing moments, and delicious meals can find exactly what they are looking for. Making use of the perfect weather that the city by the sea offers year round, people will be able to mingle and meet during summer, fall, winter, and spring, each season bringing with it new experiences.

Sunday mornings will be redefined, as children can play in a dedicated area, the youth can explore water sports under professional monitoring, and grown-ups can remember their youth on the promenade bordering the city's most glamorous yachts. Zaitunay Bay will be ideal for an early evening drink with colleagues, right out of work, before continuing the evening at one of the many restaurants overlooking the sea and mountains of Lebanon. Any day of the week, Zaitunay Bay will be the best spot in the city to enjoy the breathtaking sunsets.

A few select retail shops will also keep guests at the forefront of fashion and design, displaying collections that reflect the fabulous lifestyle by the sea that Zaitunay Bay represents.

With the perfect mix of restaurants, cafes, shops, views, and people, Zaitunay Bay will provide a refreshing escape into a world of diverse senses. And it's all just a few weeks away.
